Practice of Kriya Yoga is independent of age, physical health, socio-cultural or religious background, and integrates into any other spiritual practice. – **Initiation** means to receive one's initial or deepening experiences with a practice in a safe and sacred setting from a teacher initiated in the lineage authorized to guide others in them. – Those **powerful Tools** with profound effect are given in person, specifically to you, and *only* for your own private use on yourself. – Your Ability to use them requires your initial training and your regular personal practice. Then you can and will experience the sacred magic of inner alchemy which words cannot describe.

> *"The Goal of life is happiness, peace, love, enlightenment – The desire for perfection comes forth from the Self, the image of God, which seeks to express itself through all humanity" -Yogi Ramaiah*

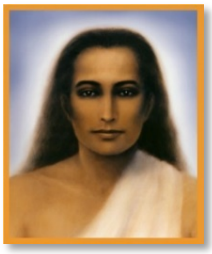
KRIYA YOGA is the holy scientific art of perfect God–Truth union and Self-Realization and was revived for today's humanity by a perfected grand master of India and spiritual world teacher, Kriya Babaji Nagaraj, nowadays taught in various branches of his disciples. It is a practical distillation of Siddhanta, a synthesis of ancient teachings of the Siddhas, India's mystic ageless sages and tantric Yoga adepts who have attained perfection, represented by Siddha Tirumular's *'Tirumandiram'* Tantra Yoga, Siddha Boganathar's Yoga of secret internal alchemy, and Siddha Patanjali's famous *'Yoga Sutras'*, reflected in the South Indian.



18 SIDDHA TRADITION

THE TEACHER Acharya Siddhadasan, born into a devout South Indian Hindu family, holds a Master's in Computer Applications and serves as a Principal Data Engineer for US-based CVS Health Inc., He is married and has a son. Raised with family devotion and regular pilgrimages by his father, his spiritually filled life changed in 2015 when an urge for absolute freedom led him to seek a practical spiritual path to Self-Realization. A mere 30-minute search on one fine evening ended quickly in a website of **Babaji's Kriya Yoga®** lineage led by **Marshall Govindan Satchidananda Ji**, prompting his immediate enrolment and March 2016 initiation at the Ancient School of Wisdom in Bangalore, India. After understanding the Guru Principle, he gave up his goal of liberation and decided to serve **Sathguru Kriya Babaji Nagaraj** with complete surrender. With perfect reflection of his deep urge to help the poor and needy in **Babaji's Kriya Yoga Pledge**, he has been preparing to live that pledge as Babaji's instrument by drawing inspiration from the profound statement dictated by Babaji in *"The Voice of Babaji: a Trilogy on Kriya Yoga"*, under the guidance of Satchidananda ji:

"Mergence in the Master is not becoming nothing
But being a perfect instrument of the Master"

THE TEACHING

You learn a powerful transforming magnetizing breathing technique (*kriya kundalini pranayama*) with six phases, seven meditation techniques (*dhyana*) to master the mind, postures (*asana*) to master the body, and in a sacred ceremony *(puja)* an invocation *mantra* to connect to the Grace of Kriya Babaji and your own inner Guru.

You receive clear instruction and practical training in using a series of essential yogic techniques *(Kriyas)* to awaken, circulate, store and increase subtle energies and your life force, to purify, heal and strengthen your body, mind and intellect, to enhance awareness, to burn your *Karmas* and find your *Dharma*, to use the universal law of attraction, to accelerate the natural progression of Divine Consciousness into your human nature, to unfold your divine and human potential in all your bodies or levels of existence.

You realize your own inner experience to be a reliable authoritative source of growth, wisdom, knowledge, transformation and self-empowerment.

THE LINEAGE

Babaji's Kriya Yoga Order of Acharyas, founded by M. Govindan Satchidananda, inspired by his teacher Yogi S.A.A. Ramaiah and Babaji, initiates in three progressive stages into a series of 144 comprehensive Yoga techniques (*Kriyas*), which represent a five-fold path of Yoga, based on the teachings of Babaji and the 18 Siddha tradition.

Initiation is given in three intensive residential or day program seminars, starting with this First initiation.

A Second initiation residential 3-day retreat introduces other qualities of integral Yoga, with a *mantra* initiation (*diksha*) and fire ritual (*yagna*), sacred silence (*mauna*), additional substantial pranayamas, training of awareness, and how to constantly practice Yoga in daily life.

A Third initiation residential 9-day advanced retreat introduces a series of 144 Kriyas, techniques to purify the bodies and develop subtle energy powers (*siddhis*) and the mystic states of consciousness in meditation (*samadhi*).

Repeating will refresh, deepen and expand inner experience, insights, knowledge and prepare for attending the next stage.
